CC Docket No. 92-91

MOTION TO ACCEPT LATE-FILED PLEADING

Metromedia Communications Corporation ("Metromedia") respectfully requests the Commission to accept its Comments on Direct Cases ("Comments") filed October 19, 1992 in this proceeding. In support of this Motion, the following is respectfully stated:

During the final revision of Metromedia's Comments in this matter, the computer function necessary to format and footnote the document malfunctioned in such a way that the Comments were scrambled and not in an intelligible form for filing. As soon as this problem was corrected, counsel for Metromedia printed the Comments and transmitted the service copies. No substantive changes were made to the Comments after the filing deadline. On the next business day, the original of Metromedia's Comments and the correct number of copies were submitted to the Commission for filing as was a letter referencing the filing problem.

Metromedia has been an active participant in each phase of this proceeding, and believes that its Comments provide valuable assistance to the Commission in deciding the issues raised by the direct cases of the Bell Operating Companies ("BOCs") and the review procedures provided for the cost-support materials and costing models associated with the BOCs' Open Network Architecture tariff filings.

WHEREFORE, Metromedia moves the Commission to accept the Comments.

Respectfully submitted,

METROMEDIA COMMUNICATIONS CORPORATION
